

## The Hatch

Your greatness of mind saw the greatness in me  
Amongst soldiers at war, through the blitzed crystal tree  
Your kiss was secure of victory  
Soothing, consoling and velvety

At the hatch  
At the hatch

Truth was simple but not easy to pursue  
Till the greatness in me saw the greatness in you

## Here's To Them

Here's to them  
Flushed over and over and over again  
Pungent potion, foaming jam  
This effervescent sound we spilled and drank to taste the end

Without deception

Here's to them  
Crimson fire burning desert sand  
Ebullient empowerment  
Frequencies abound - we killed to waste and finally transcend

Without deception

Claiming back - recovering my voice  
Over and over - facing Hobson's choice  
Discordant noises to those who care  
Eyeless sight, bleached hair

## My Love

My love is yours  
Your love is mine  
Our love endures  
True and divine

## Restless

Struggling for breath  
This shall be my death  
Sucked into the floor  
Angels at my door

They're opening the floor  
They are, I am no more

Trying all their best  
To give me peace and rest

My restless soul  
My restless soul will always strive

No more weak decline  
Confused by no more time  
Opening their arms  
They can't embrace my harm

My pins and recipes, my melodies, my strawberries

I will escape their force  
I got my own hell  
'Cause I withheld my life  
And now I'll always strive

Angels melting  
'Cause I disobeyed their force  
They eat my eyes and crawl  
Down by the dirty hall

My restless soul  
My restless soul will always strive

Back outside myself  
My records on my shelf  
My bursting energies  
Are racing without peace

High

This icicle tear in your eye  
I'll let it melt  
I'll make it dry  
Let's try our own beer brewed from rye  
And from spelt  
Getting high

This is how we used to feel  
In the summertime

This is how we used to dance  
In the lunar shine

This is how we used to laugh  
about our mocking rhymes

So high

No icicle fear can tell why  
And how we felt so alive

Aeons

Here's my sanctuary  
No trap, no fallacy

Oh my, oh my, oh mine  
We'll rise and shine - divine  
Your shivers down my spine  
Sink into silver vine

Bye, bye, we'll sigh and fly  
Boundless, you and I  
Aeons passing by  
Moon and sun will die

No tears and apathy

Don't be foolish  
Don't be foolish

No mediocrity

Don't be foolish  
Don't be foolish

Fight the enemy

You can do this  
You can do this

I'll be your heroine

Harbour

Join me  
On this sympathetic journey  
On the quay you'll meet me

Feel me  
Take a risk and seek me

Leave your privacy  
Deserve me

Be free  
Sail along and you'll be  
With me  
Be free

K.I.A.

Tiny tekk cocoons  
Are dancing with the rain  
Many, many, many moons ago you died, you died, you died  
In vain

K.I.A.

Killed in vain
